Installation

Unzip the distribution to a folder on your Desktop. Double-click on Setup and follow the directions. Start the program and open the Config menu.

Select Interfaces, then click on Select. After you have chosen the audio interface, and entered any other information you wish to save, click Save Configuration, and your settings will be saved for your next session.

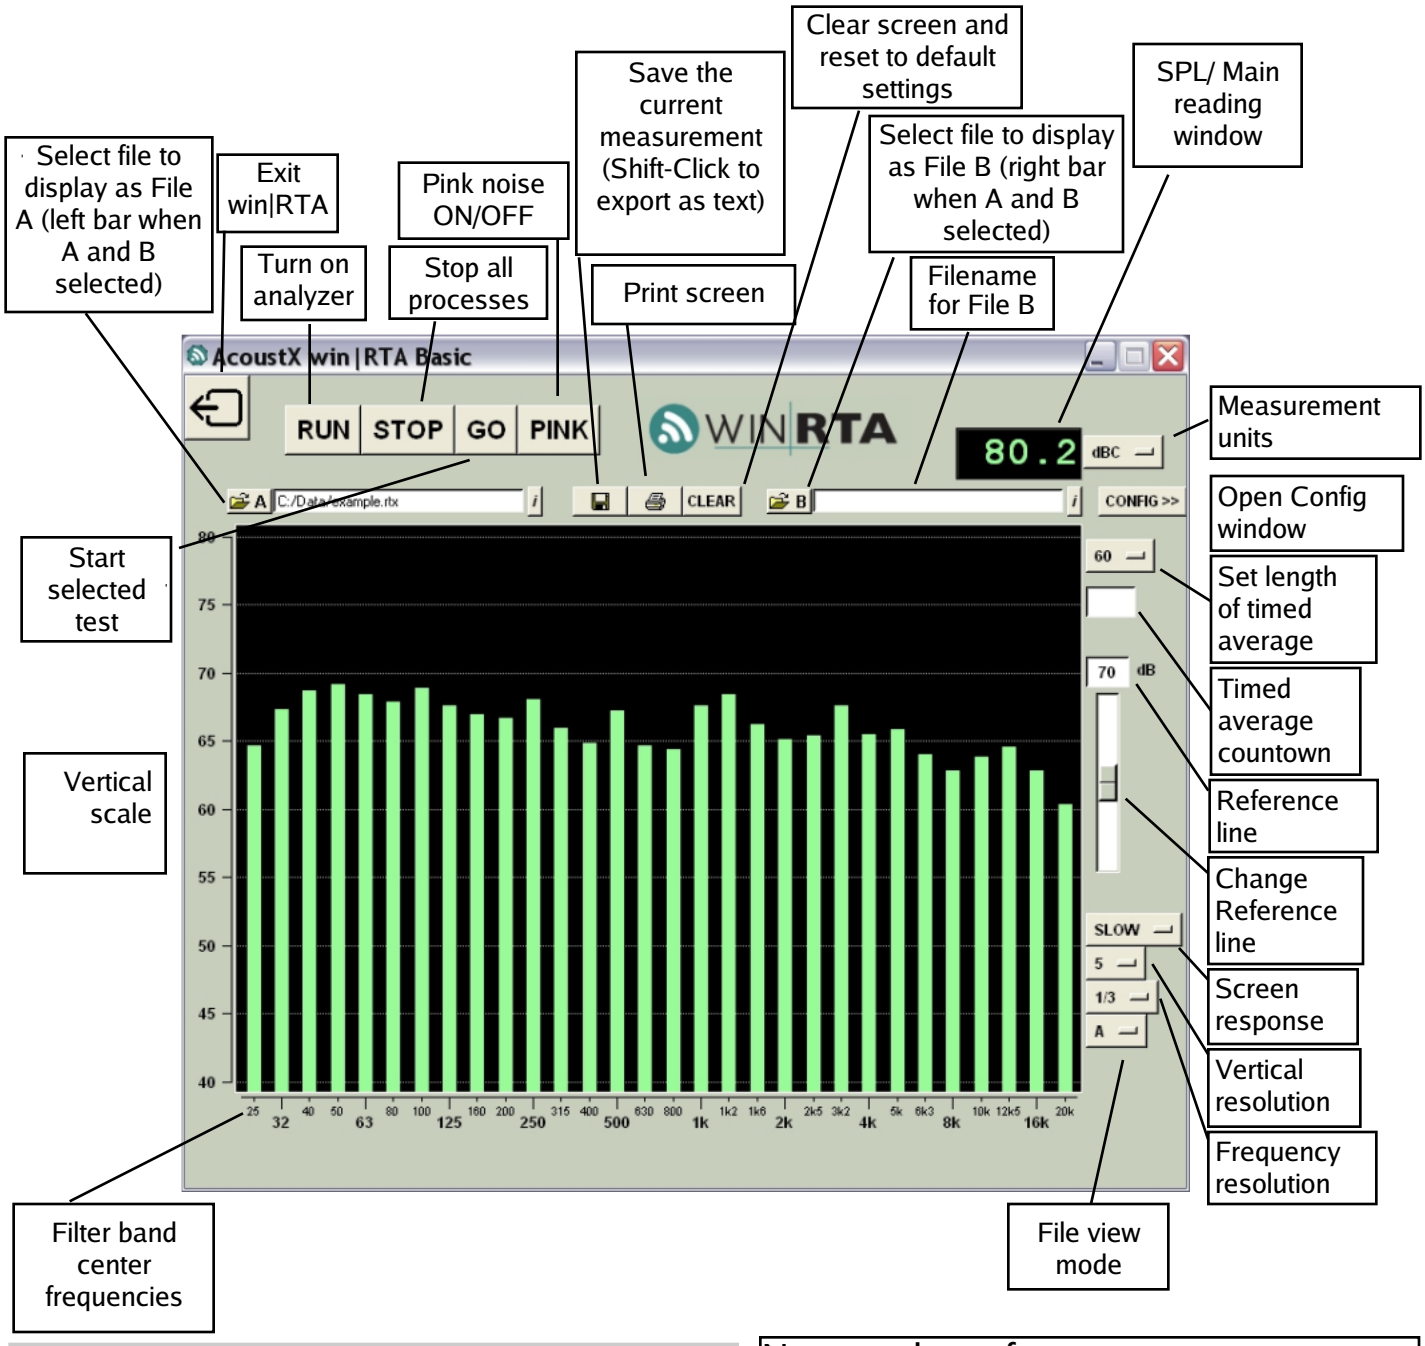
Version 1.8

L i m i t e d W a r r a n t y

The win|RTA software is distributed on an “as is” basis, without warranty. AcoustX makes no representation or warranty, either expressed or implied, with respect to the software programs, their accuracy, quality, or fitness for a specific purpose. AcoustX shall have no liability to the purchaser, or to any other person or entity with respect to any liability, loss, or damage caused, or alleged to have been caused either directly or indirectly by the software contained on the distribution disk. This includes, but is not limited to, interruption of service, loss of data, time, or profits, or consequential damages resulting from the use of the software. If the distribution medium is defective, you may return it for a replacement within the warranty period.

Main Screen



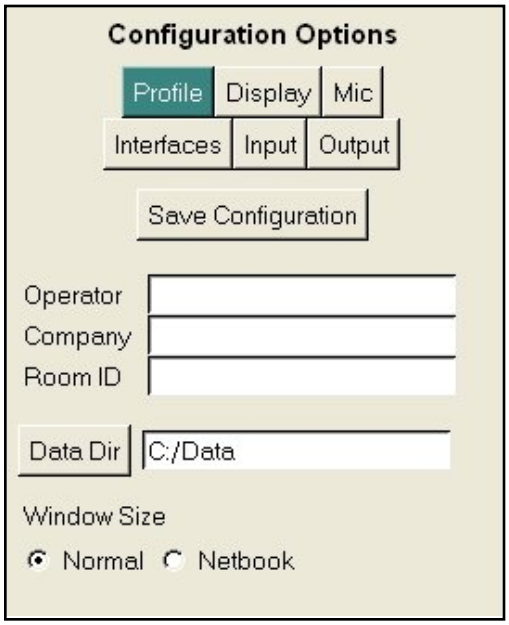
SPECIAL KEYS AND FUNCTIONS

- ESC key kills all processes
- PgUp/PgDn or mouse wheel moves reference line
- Shift-click on Save button to export as text (.TXT)
- Hold cursor over filename field to see full pathname
- Fkeys:
  - F6 RUN
  - F7 PINK
  - F8 GO
  - F9 Save

Note on the software:

When you see a button with a bar on the right side, this indicates that when you click on it, a drop-down menu will appear.

Configuration: Profile, Display, Interfaces, Microphone



Write configuration data to disk

Technician name

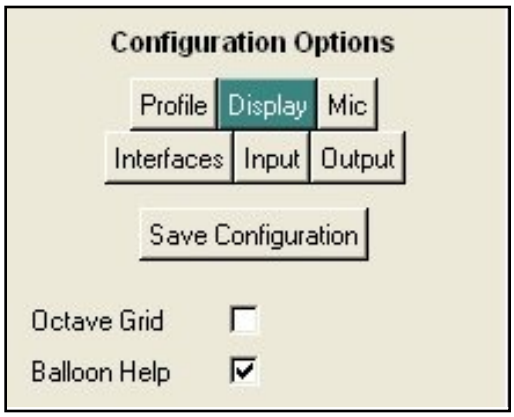
Organization

Name of theatre or facility

Select data directory

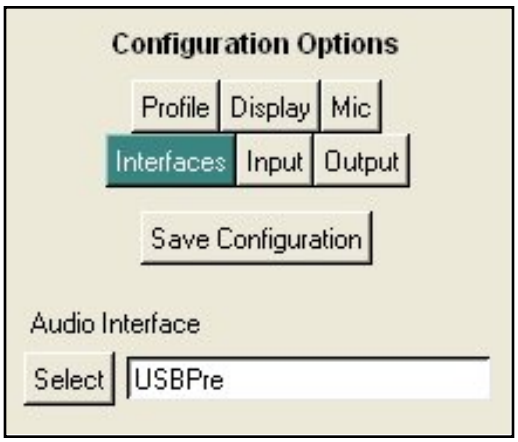
Selected data directory
Defaults to "My Documents"

Normal is for displays 1024x768 or larger. Netbook is for the smaller netbook screens, typically 1024x600. Save Configuration and restart win|RTA to take effect.

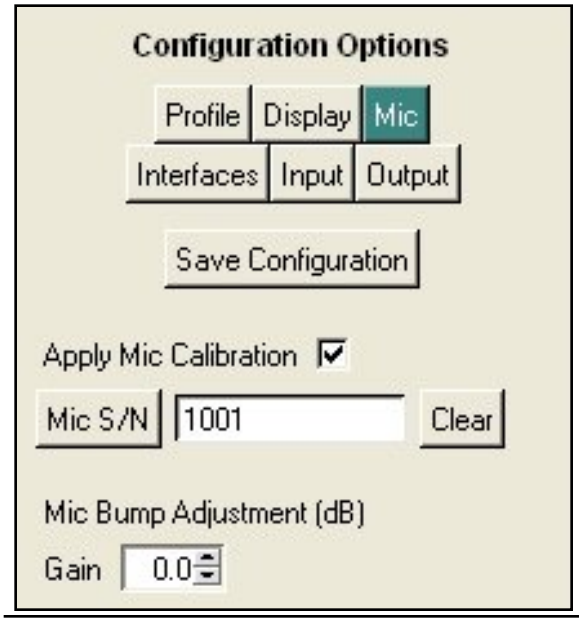


Display octave markers

Enable balloon help



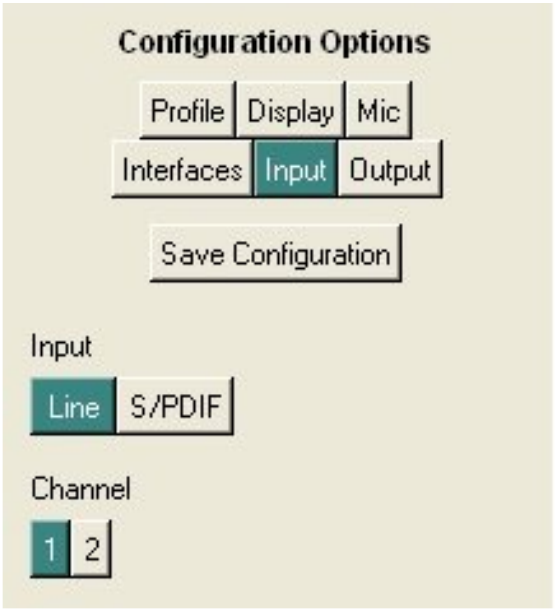
Select audio interface



Enable and load microphone calibration file.

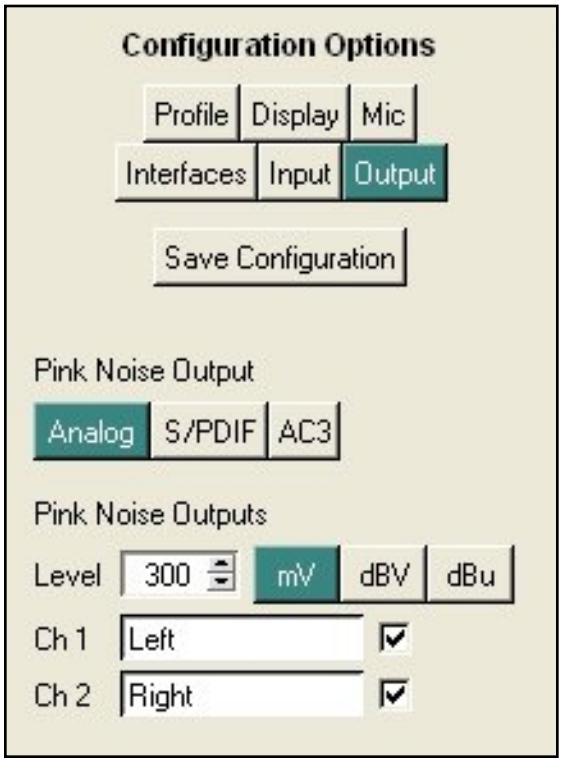
Adjust the microphone gain.

Configuration: Input and Output



Select Input

Select input channel



Select test signal output port
Note: Screen shows win|RTA with optional AC3 test signal encoder.

Set units of measure and level for outputs

Enable outputs. In Analog mode, the channels can be named.

NOTE: The functionality shown on these screens will vary depending on the audio interface. Output voltage will only be correct with an approved interface.
